[Vide answer to starred question No. 276 asked by Sri T. S. Ramaswamy Pillai (on behalf of Sri K. Sattanatha Karayalar, Sri N. K. Palanisami, Sri M. P. Sarathi and Sri M. Kalyanasundaram) at the meeting of the Legislative Assembly held on 30th April 1959, page 704 supra.]

Agreement between the Madras State Electricity Board and the Representatives of the Tamilnad Electricity Workers' Federation.

As a result of discussions between the members of the Madras State Electricity Board and the representatives of the Tamilnad Electricity Workers' Federation, both sides agreed upon the following terms as a solution of the present difficulties:—

(1) *Revision of scales of pay.*—The scales of pay of posts carrying a pay of less than Rs. 500 per mensem will be revised as shown in the Appendix with effect from 1st January 1959. The pay of the existing employees will be fixed in the revised scale at the stage next above their pay in the existing scale. They will also be allowed one advance increment in the revised scale for every three years of service, subject to the condition that the pay so fixed shall not exceed the pay they would have drawn had they originally started on the revised scales.

Nominal Muster Roll workers, Casual labour and Contingent staff with over one year of service as on 1st January 1959 and subsequently will be allowed an increase in wages by 12 naye Paise (twelve naye Paise only) per day.

(2) *Dearness allowance.*—In addition to the consequential increase in dearness allowance at the existing rates due to increase in pay or wages, all employees including Nominal Muster Roll workers, Casual labour and Contingent staff will get an increase in Dearness Allowance at a flat rate of Rs. 5 (rupees five only) per month with effect from 1st January 1959.

(3) *Night shift allowance.*—The workers who work for four hours and more between 10 p.m. and 6 a.m. next day will be given the allowance at the following rates :—

Workers on a daily wage of less than Rs. 3—Twenty-five naye Paise per day.

Workers on a daily wage of Rs. 3 and more—Thirty-seven naye Paise per day.

(4) *Permanency of Nominal Muster Roll Workers.*—About 5,000 Nominal Muster Roll Workers will be absorbed into the Operation Subordinate Service within one year and a further two thousand in the succeeding two years.

[30th April 1959]

(5) *Rent-free quarters and free electricity.*—The Operation Subordinate Service staff now occupying departmental quarters and who have been proposed to be completely relieved of the liability to pay rent and electricity charges from 1st September 1960 will be given that relief with effect from the date of issue of orders on the present demands.

(6) *Free uniforms.*—Those workers who have to come into contact with the public and who have to exercise authority over them will be given uniforms.

(7) *Construction allowance.*—The anomaly, if any, of Nominal Muster Roll Workers transferred to projects not getting the allowance while the Operation Subordinate Service staff so transferred get the allowance will be set right by the Chief Engineer.

(8) *National and festival holidays.*—All holidays allowed to the Operation Subordinate Service staff will be allowed to Nominal Muster Roll workers with four years of service and above.

(9) *Hospital facilities.*—Will be provided wherever necessary and possible.

(10) *Allotment of a room at No. 157, Mount Road, for Madras Electricity Workers' Union.*—A room will be allotted subject to the condition that no meetings of the Union are held in the room and no Union flags or posters are exhibited and that if any condition is contravened, the allotment will be cancelled after due notice.

(11) *Collection of union subscription in Pay Office at No. 157, Mount Road.*—Agreed on condition that the concession will be withdrawn if there is any trouble.

(12) *Uniform travelling allowance and leave facilities.*—The same travelling allowance as for the Operation Subordinate Service staff will be allowed to all Nominal Muster Roll workers with four years service and above.

(13) *Representation to majority union in the Board's Consultative Council.*—The workers' representatives have to represent to the Government in the matter.

(14) *Interim relief.*—Such of the employees belonging to the categories for which interim relief was granted and getting a pay of Rs. 200 per mensem or less and who had completed one year of service after 26th April 1958 will be allowed the interim relief of Rs. 4 per mensem each with retrospective effect from the date following that on which they had completed one year of service up to 31st December 1958.
